

Dear Vail Valley Homeowner:

Looking after a residence in the Vail Valley can be difficult for an absentee owner. **We would like to help make your ownership easier.**

You can choose from a wide range of services providing **convenience, savings, and peace of mind.** These services include home care, short term rental, and long term rental.

**Home Care** includes housekeeping (yes, we do windows!), maintenance, and regular inspections. It also includes personal touches such as bill paying, and concierge services.

**Short Term and Mid Term Rental** offers extra income without interfering with your own enjoyment. Nominal fees are charged for guest bookings that we arrange, while there are no fees for guests of an owner.

**Long Term Rental** can be a very lucrative way to generate a stable monthly income from your property. This is often the best way to maximize rental income for outlying properties.

Over the past twenty years we have provided superior, professional, caring service at reasonable prices. Don't lose sleep over your Vail Valley home. **Call for more detailed information. 800-320-VAIL or 970-926-5252 or [lisa@vail.net](mailto:lisa@vail.net)**

Sleep Tight!

Lisa Agett
